

In memory of my brother Danny
 who took his life almost thirty years ago;
 and to my mother
 who found some peace of mind and solace
 observing the flora and fauna of nature;
 and to my older brother Steve
 whose own unique path
 continues to pass through nature.

I saw my mother ascending mount fuji incorporates two of my previous compositions:
 Chinyaku (1968) for alto flute, performed by David Gilbert (May 1973)
 and Michi (1972) for violin, performed by Linda Cummisky (August 1973).
 Tape part by Harley Gaber (June-August 2009)
 Special thanks to Anna Dolan whose interest in Michi helped get this work made.
