Completely in the Dark

Tales of Mystery and Suspense by Judson Fountain

Original radio dramas produced, written and directed by Judson Fountain

Produced for first CD issue by Irwin Chusid and Barbara Economon

Judson Fountain (b. 1952) grew up after the heyday of classic radio drama. As a child, he became obsessed with such gothic-tinged programs as *Inner Sanctum* and *The Shadow* that had enthralled older generations. While his fellow Americans became couch potatoes, Judson embraced radio as the superior theatrical medium, and felt compelled to single-handedly revive the art. That he lacked training, technology, skilled staff and a budget did not deter him. Ed Wood, Jr. made movies; Judson Fountain produced radio dramas.
